1. Temperature controlled loads must always run on continuous mode. Never start and stop
2. By electronically signing below and acknowledging acceptance, you are confirming you have the authority to act on behalf of your company
3. Two load locks are required for all loads. The carrier is responsible for the piece count and condition of the load. Loads must be delivered on the due date or the carrier will be held liable for any late charges!
4. **Any shortages/damage must be reported to M & S Loads and must get a claim number before leaving the receiver failure to do so the carrier will be responsible for the load value.**
5. Carrier must check with shipper to confirm temperature setting. Driver is responsible for accurate temperature setting and monitoring equipment throughout delivery.

DETENTION:

6. Carrier must notify M & S Loads one hour before detention will start, no detention on drop trailer loads. Times must be marked on the POD. In order to be paid at time of invoicing, Carrier will need an updated Rate Confirmation.
7. It is the carrier's responsibility to check and make sure they have all paperwork for every PO listed on the rate confirmation prior to leaving the shipping dock.
8. All loads must be sealed, with the seal number recorded on the BOL prior to the driver signing for the load. The seal must be intact upon arrival to the receiver. If the load is multi-stop, seal integrity must be maintained, with each receiver signing seal intact and recording the new seal number on the BOL. Carrier MUST inform M & S Loads immediately if any problems with the seal during transit.
9. By signing this document, the carrier and it's driver agree that they may legally receive SMS messages from a representative of M&S Loads LLC. while driving a truck or motor vehicle. Responding to or reading a text message while driving a truck or motor vehicle can cause serious injury, death or property damage to you or others. Do not read or reply to a message unless your vehicle is stationary and parked. Carrier assumes all responsibility for abiding by these instructions and agrees that they will at all times comply with all applicable federal, state, and local laws including, but not limited to: receiving,

reading and/or sending SMS messages, phone calls, and/or any other information to or from M&S Loads LLC. This agreement is subject to the terms of the broker/carrier agreement signed by the carrier. If the invoice and bill of lading is received through any other form other than through the accounting email, payment processing may be delayed. Carrier agrees they will not leave loads unattended. Drivers must check into the shipper with their trailers pre-cooled at the instructed temperature or a penalty may be incurred, Two load locks are required for all loads. Drivers or dispatchers must notify the account manager at M&S Loads LLC. within an hour after they are loaded or unloaded. The driver and carrier is responsible for correct piece count and condition of the load. Shipments must pick up and deliver on time as requested. Drivers must check with the shippers to confirm the correct temperature setting for temperature controlled loads. It is the drivers and carriers responsibility to ensure the product is kept at the correct temperature. The temperature must always run on continuous mode. All liability falls on the carrier for damaged product due to incorrect temperatures or not running the unit on continuous mode. If at any time the carrier threatens M&S Loads LLC. to damage the product or not unload the product b y coercing M&S Loads LLC. to send a revised rate con at a rate they demand, they will be subject to large fines. Failure to comply with any of these conditions exposes the carrier to fines deemed appropriate by M&S Loads LLC. Carrier agrees to indemnify and hold M&S Loads LLC. harmless to the full extent permitted by law for any and all claims of any nature arising out of or relating to the hauling of this load, the violation of the terms of the broker carrier broker agreement, or this rate confirmation.
